CASH DOOR ALARM

## FEATURES

- Microcontroller based.
- Inbuilt magnetic contact
- Sounds buzzer beep discontinuously when door is opened.
- Buzzer alarm is silenced when door is closed.
- External power supply adaptor for enhanced user safety
- 3 LED indicators

## TECHNICAL SPECIFICATION

### CURRENT CONSUMPTION

Operating Voltage 12v Dc

Stand by Current 8ma

Working Mode Siren Activated 62ma

### SENSOR TYPE

Reed Switch

### ENVIRONMENTAL

Operating Temperature: 0°c to 45°c

Storage Temperature: -20°c to 60°c

Maximum Humidity: 95% Non-condensing

### PHYSICAL DIMENSIONS

82mm x 32mm x 19mm
