

Innovation. Passion. Commitment.

SEC WLSCH

WIRELESS SHUTTER CONTACT

FEATURES

- Secure code hopping technology
- Periodic health notification to control panel
- Easy learning based configuration with control panel
- Low battery alert to control panel
- In-built tamper switch
- Long lasting lithium battery
- Opening gap 50mm (max)
- Sturdy glass filled nylon housing
- Transmission unit in separate ABS housing to prevent impact damage

TECHNICAL SPECIFICATIONS

ELECTRICAL

Operating Voltage : 3.3Volt
Supply Current Standby : 3.66 μ A
Supply Current Triggered : 15mA max.

ENVIRONMENTAL

Operating Temperature : -20°C to + 70°C
Storage Temperature : 0°C to + 70°C
Maximum Humidity : 95% max.
Environment : Residential / Commercial / Light Industrial

PHYSICAL

Dimensions : 87mm x 33mm x 28mm
