Video and Alarm Monitoring Services from our 24X7 Central Monitoring Station:

Securico also hosts a State-of-the-Art 24 X 7 Video and Alarm Central Monitoring Station to provide various Monitoring Services like:

- **Intruder Alarm Monitoring:** Monitoring of alerts received from intruder alarm, deterring the crime through audio communication and escalating the matter to customer and law enforcement agencies
- **Fire Alarm Monitoring:** Monitoring of alerts received from fire alarm system and informing fire brigade and customer for immediate action.
- **Hardware Health Monitoring:** Informing customer via email/SMS on case of alarm panel disconnection, video loss, DVR disconnection, camera masking, hard disk error or any other error in the surveillance system, which is given as alarm output by the DVR.
- **Guard Monitoring:** Attendance button is provided to guards, which they are supposed to press at regular intervals, if attendance is missed an alert is received at Securico's Central Monitoring Station. Monitoring officers check the location of guards by calling or through CCTV cameras installed at the site
- **Operational Efficiency:** Various brand elements like hygiene, brand communication monitoring (right placement of marketing collaterals), staff conduct monitoring etc. will be monitored by scheduled monitoring of the CCTV cameras installed at the site.

PAN India Presence:

Apart from our head office situated in Faridabad, Haryana, we have regional offices in Mumbai, Coimbatore and Ahmedabad with our production plants in Haridwar, Uttarakhand. We have set up a strong national sales and technical support team in over 15 locations across India to provide timely technical and sales support to our dealers and end users. We have national distribution in addition we also have a strong regional distributors spread in various regions in India. Our strong distributor and sales network help in serving close to 4000 dealers spread in 250 cities across India.
